

PINCH HITTER

Give your favorite flight partners the gift of confidence.

Pinch Hitter Course

\$2,205.00

10 hr-Flight

5 hr-Ground

GIVE YOUR FLIGHT PARTNERS THE GIFT OF CONFIDENCE.

Flying is a shared activity. Most often, pilots fly with non-pilots such as family, friends, or business associates. This common practice can pose a problem in the event of an emergency.

Our Pinch Hitter course is designed to help NON-PILOTS save the day, instead of panic. The objective of this course is to fully prepare students to confidently perform duties as an emergency replacement pilot by becoming proficient in air-work, navigation, communication, takeoffs and landings

There are only 8 lessons, and each will have a ground and flight portion. The flights and lessons may not be an equal number because the lesson is not complete until the standards are met. Each lesson, therefore may take several flights to gain completion proficiency.

Stay prepared, reserve your Pinch Hitter course today 956.686.1774
